

Reading for Specific Information on the Internet

"When researching online, I am reading for specific information on the internet."

"Reading for specific information on the internet is important because...."

My books may not have all the information I need. Scanning the website will save me time."

"I read for specific information on the internet... Any time I am using a computer or tablet."

"When I read for specific information on the Internet, I..."

- **Decide what information is missing.**
- **Think of key words."**
- **Scan the entire page if I trust this website.**
- **Ignore extra information.**
- **Record the information on my inquiry chart."**
