

PALEOBOTANIST LOG

Team # or name:

Remember, evidence used to support your claim should include the following:

- a description of the plant (leaf morphology and other structures present)
- any other important information that connects it to a specific plant group.

Fossil # _____

Claim (what plant group we think the fossil represents):

Evidence (information that supports our claim):

Reasoning: (how or why the evidence supports the claim)

Fossil # _____

Claim (what plant group we think the fossil represents):

Evidence (information that supports our claim):

Reasoning: (how or why the evidence supports the claim)

Fossil # _____

Claim (what plant group we think the fossil represents):

Evidence (information that supports our claim):

Reasoning: (how or why the evidence supports the claim)

Fossil # _____

Claim (what plant group we think the fossil represents):

Evidence (information that supports our claim):

Reasoning: (how or why the evidence supports the claim)
